

MAYFIELD VILLAGE

MASTER PLAN

Public Meeting #3—Implementation/Draft Plan
Tuesday, September 25, 2018 @ 7:00 pm

At the Community Room / 6621 Wilson Mills

The process of developing a Master Plan with the help of the Cuyahoga County Planning Commission is reaching its final stages. The results of last year's **Community Survey** have been tabulated and **Current Conditions, Community Vision**, and **Goals & Actions** documents have been completed. All can be found on the Mayfield Village website at mayfieldvillage.com.

The Master Plan process has entered the implementation and final drafting phase. This phase includes setting up a framework for how the previously-identified goals can be accomplished. It identifies responsible parties, potential partners, desired time frames, and well as potential funding sources. A draft Master Plan document is being prepared for review and a final public meeting has been scheduled for September 25, 2018 at 7:00 p.m. in the Community Room.

Please plan to attend to add your voice to the development plan that will help shape the future of Mayfield Village.
