

Proclamation

HONORING THE TENTH ANNIVERSARY OF QUALITY
ELECTRODYNAMICS (QED)

Whereas: QED came to Mayfield Village in 2006 as a company of six employees; and

Whereas, in the past ten years, QED has grown into an internationally renowned medical device manufacturing company with nearly 150 employees; and

Whereas, QED has grown out of its first two Mayfield Village homes, and is in the process of moving into its third; and

Whereas, QED's growth and success are to the credit of its leadership, especially its president, Dr. Hiroyuki Fujita, who has successfully combined his knowledge, vision, and commitment to family, to QED's workforce, and to the community, in developing a business with sound roots and sustainable growth; and

Whereas, we have been proud to see Dr. Fujita, receive national recognition, whether it is as a member of the United States Manufacturing Council, or sitting with the First Lady at the State of the Union Address; and

Whereas, we have seen a governor, lieutenant governor, and U.S. Senator come to Mayfield Village just to visit QED; and

Whereas, Mayfield Village and QED have forged a strong relationship over the last decade, working together in various ways to achieve results that are mutually beneficial; and

Whereas, Mayfield Village is the town that has the good fortune to be called QED's home, and it has been an honor to see firsthand the journey that the Company has made.

NOW, THEREFORE, BE IT PROCLAIMED, that I, Mayor Brenda T. Bodnar, offer heartfelt congratulations from myself and from all of Mayfield Village on ten years of spectacular success.

Signed this 20 day of June 2016.

Brenda T Bodnar

Brenda T. Bodnar, Mayor, Mayfield Village
