

The Voice of the Village

Summer 2016/ Mayfield Village OH

Thousands Enjoy Cruise Night 2016!

Construction of the new Community Room may have caused a change in location, but there was no change in the energy surrounding this annual event. Over 700 classic cars and 6,000 attendees gathered at the Village soccer fields and, with the help and cooperation of Progressive Insurance and beautiful weather, Cruise Night was as successful as ever.

Firefighter John D. Liszy retired on July 14, after 33 years of service to Mayfield Village. Read more on page 10.

Memo from the Mayor / Brenda T. Bodnar

As we enjoy a midsummer wealth of sunshine, harvest and outdoor activities, I thought I would take this opportunity to keep you posted on some “hot” topics we are dealing with in Mayfield Village.

First, things are going well, and I am working hard with Council to provide the best for Mayfield Village while using your tax dollars responsibly.

Parkview Pool. As many of you know, housing the boilers with the sand filters was causing corrosion to the boilers, significantly diminishing their useful life. After consulting with several experts, we are on course to build a separate structure to house the boilers. It will cost us up front, but will extend the life of the boilers in the long run. The pool is a gem in our crown, and we want to keep it in tip-top shape for all to enjoy now and later.

Intergenerational Park. Next year, we plan to expand the recreational area near the pool and softball fields by adding tennis and bocce courts. While this is not a break-the-bank proposition, this project, originally set for this year, was deferred so that we could apply for grant money to assist us with its completion. The grant application has been submitted, and we await notification. (We often view grant money as “free” money. In one sense, it is, as it offsets the capital investment Mayfield Village would have to make in the project. In another sense, it’s not always free, as it often represents money you paid in taxes somewhere along the line. Accordingly, in the pervue of this administration, seeking grant money where possible is a part of responsible governance.)

First Responders. In the 21st Century, “putting oneself in harm’s way” has taken on a new and frightening meaning. Having

worked with Chief Edelman, Chief Carciopolo, and our Police and Fire Department personnel over the past six months, I can honestly say that I am impressed as well as humbled by their professionalism, skill, and genuine care and concern for each member of our community. Each day, you and I place our safety in their hands, and we can do so with confidence. My support is, and will continue to be, with our courageous and well-trained forces. Continued training is always necessary to meet the challenges and risks posed, and we are dedicated to provide that, as well as necessary protective equipment, as long as we can. We have the best in Mayfield Village, and we want to keep it that way.

We also continue to provide for sufficient safety personnel to meet the needs of Mayfield Village, especially in light of our continued increase in commercial occupancy. While adding full and/or part-time staffing to cover the bases costs money, we are sometimes able to temper those costs by reducing overtime pay. We are also looking into other methods of reducing costs.

One more thing – I was going to start this section by describing the current risks faced by our first responders as “unfortunate,” but I caught myself, realizing that misfortune has nothing at all to do with it. The risk our first responders encounter has everything to do with how we conduct ourselves individually and in societal groups. I am proud that, in Mayfield Village, we consider ourselves partners in safety and generally conduct our business to mirror that respect. No system of law enforcement is perfect, but mutual respect provides the foundation for positive outcomes. Greeting card companies have come up with holidays to honor moms, dads, children, grandparents and sweet-

Mayor Brenda T. Bodnar

Memo from the Mayor, continued.

ies, but there is yet (to my knowledge) no holiday to honor our safety forces, so please say thank you to the first responders you encounter.

Memorial Day Services. Once again, Memorial Day services provided a fitting tribute to members of our armed forces who gave their lives so that we may enjoy our life as Americans. I often think that I could have been born anywhere in the world—

At this year's Memorial Day Celebration, Mayor Bodnar presented Betty Playford with a Proclamation of Appreciation for her many years of work with Whitehaven Memorial Park and the planning of Memorial Day services. Pictured is Mayor Bodnar, Betty's daughter Bonnie Cottingham and Betty Playford, who recently celebrated her 99th Birthday.

Again this year, thousands of flags were placed by volunteers at Whitehaven Memorial Park, Mt. Sinai and Mayfield Union Cemeteries.

MaeBelle McDowell, age 3, was the youngest to attend this year's Memorial Day service.

in a country torn by war, decimated by famine or disease, or scarred by oppression. The United States of America is a work in progress, but that work is founded in hope, and generation after generation has proven that hard work and sacrifice will lead to success here. Thanks to Mary and Merv Singer for their hard work in planning the services, which paid touching homage to those who made the ultimate sacrifice.

Flag Day. More kudos go out to the Women's Club, Betty Jo Mooney and Boy Scout Troop 289 who, with little time to prepare, conducted a flag retirement ceremony near the Firehouse on Flag Day. They are considering making this an annual event, and it is a wonderful way to pass on the knowledge of how to respectfully retire Old Glory.

Cruise Night and Fireworks. With construction near the center of town, both events were moved this year to the area north of Parkview Pool, and both were huge successes, attended by banner crowds. The fireworks display was preceded by a Grove concert with Monica Robbins and the Whiskey Kings, and

Over 700 classic cars and 6,000 spectators enjoyed a gorgeous evening filled with entertainment, food and cruisin' ... and a little face painting (below).

Members of Boy Scout Troop 289 participated in a flag retirement ceremony organized by the Mayfield Women's Club.

topped off a beautiful evening. We have had many suggestions for next year, and we will take them all into consideration. For now, we owe a big thanks to our friends at Progressive Insurance Company, who allowed us to use several of their parking facilities at Campus Two, and worked with us to assure safety, for both events.

Road Projects. I'm guessing a smile didn't appear on anyone's face upon reading the subtitle of this paragraph. As I write this, the 2015 road project (yes, you read the year correctly) is almost complete. Thanks to all of you on Bonnieview, Beech Hill and Glenview for your patience! (I'm particularly appreciative as I live on Bonnieview and it would have been very easy to find me.) The 2016 project is also almost complete, with some paving left to go. ODOT has begun their work on SOM, which they tell us will be completed in about a month. Summertime and road work go together here in NE Ohio, so I guess we've learned to be patient and endure it.

Bus #7 Service. Several months ago, RTA announced that it was in dire financial condition and would need to make significant cutbacks and fare increases. The #7 line, which primarily transports people to work along our business corridor, was on the chopping block. We immediately began advocating to preserve the line. I wrote to all of our businesses along the corridor, as well as to our government officials. I attended and spoke at a local meeting on the subject, and I met personally with RTA CEO Joseph Calabrese. Many businesses also voiced their concerns to the RTA, and our County Representative Jack Schron wrote a letter on our behalf. All of us recognize that, in order to keep and attract businesses, the Village needs to be able to provide a ready work force.

Ultimately, RTA decided to "split the baby" – keeping the route alive along SOM Center Road but eliminating the loop

through Beta and Alpha (Highland Hts) Drives. Of course, this is better than eliminating the route entirely, but, since so many of our businesses are on Beta, we believe it is beneficial to continue the loop. We are disappointed in RTA's elimination of partial service to Mayfield Village. Your taxes pay for RTA services, and we will continue to seek restoration of the eliminated services.

Economic Development. Our Economic Development Coordinator, Ted Esborn, resigned his post near the end of June. Ted was our first such Coordinator, and his job grew and expanded over the years. He was responsible for bringing in new businesses, keeping existing businesses and helping them expand, grant-writing and a whole host of other tasks. Ted was very successful in his work for us, helping to bring up our commercial occupancy rates into the 90th percentiles, and working with department heads to bring in hundreds of thousands of dollars in grant money. Now that Ted is gone, we are re-evaluating his position so that, going forward, we continue to focus on the changing needs of our community. Covering the bases Ted once covered is a challenge now, but we hope to find a suitable replacement soon.

Water (where it doesn't belong) The Administration, Doug Metzong and the Service Department, and Engineer Tom Cappello are working to address individual problems as they are brought to our attention, and are collaborating to put together a comprehensive resource indicating problem areas, sources and causes of problems, and responsible parties and funding. This has not been done before and is in its nascent stages. In addition, when we contact public authorities to determine the cause of some problems, the answer is sometimes that they cannot determine the same! That being said, we continue to get to the root of the problems and address them. If you have a problem or know of a problem area, please call the Service Department at 440.442.5506 and get it on the map.

Ordinance Reviews. Once in a while you read about ridiculous old laws left on the books in various places. We don't have anything silly on the books here, but we do have some antiquated ordinances. Council President Joe Saponaro and I, along with just about every-

one on the payroll, are taking a close look at the ordinances on our books, with the goal of eliminating obsolete ordinances and making sure our laws correspond to the way we conduct business today.

Keeping it Local. Supporting each other makes us a stronger community. In furtherance of that goal, this administration is committed to supporting local business and local business owners. We would like to be in touch on a regular basis, and to provide forums for you to voice your concerns and collaborate for success. Step one is to provide a comprehensive email list for use by the Village in contacting you relative to meetings and opportunities for networking and growth. If you operate a business in Mayfield Village,

Monica Robbins and the Whiskey Kings performed to a full house (or hill) at The Grove Amphitheatre on July 2nd. The performance was followed by the Village's annual fireworks display, this year held at Progressive Insurance Campus II and the Village's soccer fields.

or if you live in Mayfield Village and operate a business elsewhere, please take a few moments to email our IT coordinator, Jeff Thomas (jthomas@mayfieldvillage.com) with this information: Your name, address, phone number and email address, the name and address of your business (and a description of your business, if it is not evident from the title). This will enable us to begin a conversation geared toward our mutual success. We will not share your information (unless we have permission to do so).

Local Produce.

Geauga Family Farms provides us another opportunity to support local farms and keep them in business. I have subscribed to a single share and found that I am provided with burgeoning bags of fresh produce each week. I have been delighted with the sweetest strawberries and snap peas I have ever tasted, and challenged with kohlrabi, swiss chard, rhubarb and other things which have expanded my culinary horizons. If you are hesitant about the commitment, now is the time to join, as they will prorate your membership through the end of the season. Log onto geaugafamilyfarms.org and join the party. (And, by the way, Pinterest has a recipe for everything.)

The Grove. If you haven't been there yet, you have to try it! The season started out with a bang and there is entertainment for every taste. It's family friendly, has food available for every performance, and doesn't require advance planning. Most of all, it's the best way I know to capture the magic of summer and keep the memories with you as fall and winter approach. And since we offer a money-back guarantee, there is absolutely no risk. This summer, enjoy the expanded paver section and row of stone seating. On hot, sunny nights, sitting in the "inner circle" will help avoid the strong sun and consequent heat. Next year, and consistent with our step by step approach, we are looking to Phase One of a permanent band shell to replace our trusty-but-seen-better-days tent. Once again, we are seeking available grant money to help offset our costs.

In addition to Grove programming, and keeping the budget in mind, we are looking to bring programming inside to Reserve Hall for the colder months. We have on tap some Cleveland Institute of Music productions coming up, and you can find more information on those programs elsewhere in the *Voice*.

The Community Room. Last but not least, our new Community Room is nearly ready and we can't wait for everyone to enjoy it. It will mirror the tone of Mayfield Village in the sense that it will combine the best elements of modern and traditional function and design, it will be beautiful without being ostentatious, and it will reflect the quietly confident character of the Village we call home. Celebrate our community's new addition by attending the ribbon-cutting and open house on August 21st, or the Senior Fair on August 26th.

Participation. Mayfield Village enjoys citizen participation in its governance process. Not everyone will agree on solutions to every problem, but when every voice is heard, we have the basis of knowledge to make the best decisions we can. Please consider coming to Council meetings, joining or forming a neighborhood association, and looking after your neighbors in need. We are the Village.

Have a wonderful rest of summer!

— Brenda T. Bodnar, Mayor

MAYFIELD VILLAGE

Please Join Us to Celebrate
the Opening of the New Community Room
 6621 Wilson Mills Road

Sunday, August 21, 2016 from 1:00 to 5:00 p.m.
 Open House with entertainment by the Don DiSantis Orchestra
 Dedication Ceremony at 1:00 p.m.

The new Community Room is open for rentals beginning Sept 1. Village residents can make reservations up to a year in advance. Non-residents must be sponsored by a Village resident and cannot reserve the facility more than 60 days prior to the event. For rental rates and information, call Debbie Thomas at 440-461-2211 or go to mayfieldvillage.com/residents/rentals

Joseph M. Saponaro / Council President

In my last *Voice of the Village* article I wrote about how Council will continue to diligently fulfill the roles and responsibilities that you, the Mayfield Village residents, have placed upon us, to continue look for ways to make improvements where necessary, and to pursue opportunities for Council and the Administration to maintain our collaborative approach to governing Mayfield Village. As such, I have met with Mayor Brenda Bodnar in an effort to put these words into practice. This has resulted in establishing a monthly standing meeting between myself and Mayor Bodnar to discuss the business of governing Mayfield Village while maintaining open communication. I am happy to report that although we may take different approaches to review and ultimately resolve an issue or address a matter for Mayfield Village, our goals remain aligned.

Mayor Brenda Bodnar and Council President Joseph Saponaro.

In May we met to discuss Mayfield Village ordinances. Both the Mayor and I agree that there may be various ordinances that need to be modified in order to meet the needs of Mayfield Village in 2016 and beyond. As such, Department Heads are tasked with reviewing ordinances that pertain to the operation of their specific departments and make recommendations. Council members have also been asked to review ordinances and make recommendations. Once this task has been completed, Mayor Bodnar and I will meet again, and with the guidance of Joe Diemert, Law Director, will propose changes for Council's review and approval.

In June we met to discuss the 2017 Budget, and to look for ways to work with Ron Wynne, Finance Director, and the Finance Department to streamline the budgetary process. We determined that if the process begins earlier than has been the custom in Mayfield Village that the Administration will have more than ample time to prepare the Budget and submit it to Council, and Council will have more than ample time to review and approve the Budget.

Making these great strides takes the efforts of many, one of whom deserves great recognition . . . Mary Beth Betsa. Mary Beth has tirelessly served as Clerk of Council since 2005; this is in addition to her position in the Finance Department. She continues to go above and beyond and always strives for excellence in the performance of her job duties. When you encounter Mary Beth you can always be assured of a welcoming smile and a sincere listening ear. Mary Beth epitomizes everything positive about public service, and I, personally, thank her for her invaluable service to Mayfield Village.

As always my door is open to listen to the needs or concerns of Mayfield Village residents or to answer questions you may have about Mayfield Village.

— Joseph Saponaro,
Council President

Joseph M. Saponaro
Council President

Lillian "Patsy" Mills / Council Ward 2

Mayfield Village celebrated Independence Day with a great flurry. The weather cooperated so all enjoyed Parkview Pool in the afternoon. The Grove Amphitheatre had great music and the crowd was the largest ever there. The Fireworks were spectacular! Will Cruise Night and Fireworks return to the Gazebo area? Mayor Bodnar, our Safety Forces, Activities Committee and Recreation Board will be evaluating both events.

Programs at The Grove have something for all ages. Bring a picnic and a blanket or lawn chairs and enjoy the evening. (Pizza, hotdogs, ice cream,

drinks and snacks are also now available at our concession stand.)

The Garden Club, Historical Society, Mayfield Women's Club and ABC Quilters are looking forward having their meetings at the new Community Room. The Commisison on Aging has been meeting at St. Bartholomew's Church and will be more than pleased to begin meeting in the new facility. Please see the articles in this issue for meeting dates and times.

The road improvement project for the Bonnieview, Glenview and Beech Hill area is almost complete.

Resurfacing of S.O.M. Center Road from Mayfield Heights to the Wilson Mills intersection began on July 8. There will also be some crack sealing on other streets in the Village. Audible Pedestrian Signals will be placed at S.O.M. and Aintree Park/ Seneca Drives and S.O.M. and Wilson Mills. A new traffic system (including an audible signal) will be installed at S.O.M. and Sandalwood.

Enjoy the summertime with all the great things to do in the Village.

Patsy Mills
Council , Ward 2

Thomas J. Marrie/ Council at Large

Cruise Night at Progressive was a huge success and maybe had the biggest crowds yet and many beautiful automobiles. Many said, "I had one just like that, but it never looked that good." It was a great night!

Our fireworks this year, which were also at Progressive Insurance and the soccer fields, were outstanding. Many larger shells were used this year because of the location and safety.

In case you were wondering why both events were moved, it was because of the construction on SOM and Wilson Mills that forced the move.

I would like to personally thank Progressive on behalf

of our Village, for their usual help, assistance, and cooperation. They are great neighbors.

We are getting very close to the completion of our beautiful new Community Center. It's looking so great and will be a fantastic addition to our Village. You will be able to look at it with great pride. It's a beauty!

Bill Thomas, our Recreation Director, with help from Sean and Danielle, have our summer programs going full swing, and with great success. Their programs make hundreds and hundreds of children very happy and safe for the summer months. In addition, the new tables, umbrellas, etc. make the pool very attractive and friendly.

We have very dedicated and professional Police and Fire Departments watching over our Village, but you know they can use your help sometimes. If you witness something that looks wrong, out of place, or suspicious, please call them, please don't just look the other way. They do a great job for us, but they can always use your help.

Speaking of police, we have added a new, full-time patrolman to our force, (up to now he was part-time) and his name is Charles Pona. Out of the many people who took the test, he was number one in every area. Welcome Officer Pona. You are now part of a great group and we are happy to have you on board. Good luck and stay safe.

Thomas J. Marrie
Council At Large

First In. Last Out. For the Last Time.

Steve Jerome / Council at Large

Steve Jerome
Council at Large

When I first met John Lisy many years ago, I always knew of him as a Mayfield Village Fireman. He worked odd hours, participated in Village functions, and helped facilitate events with the station and Center School. He was always an upbeat guy, and great with kids. He will go down as a Mayfield legend, and is the last of the old guard as he sails off into retirement.

John Lisy was sworn-in as a full-time Mayfield Village Firefighter in 1983.

My reason for writing about Firefighter Lisy, is not only because he is a well-respected member of our safety forces, but will one day be my father in law. I will be honored to marry his daughter Allison and stand by him, someone who is adored by everyone. John will be missed as the mild-mannered, even-keeled guy in tough situations. He began at the old station that used to stand on Wilson Mills, built not many years after World War Two. From there he helped transition to the new station on SOM Center road built in 1994.

John is a graduate of Brush High School and went on to receive a

business degree from John Carroll University. After a few years in the business world, he was laid off finding himself in search of something more meaningful than the daily grind. That opportunity came soon after.

John was hired in 1983 and was one of the original six members of the full time fire department led by Chief Hejcl, who started as Volunteer chief in 1966. He led the charge with The Village having two full time fireman on per shift, and obtained his paramedic license in 1987 where he earned the cardiology award for being the top student in his class.

In 1995, John participated in a study with Physio Control dealing with the lifesaving heart drug t-PA. A call from one of our residents was selected to be in this study. He wrote an

article dealing with the resident from chest pain onset until arrival at Hillcrest Hospital post t-PA administration. Their protocol for heart attack victims from Hillcrest Hospital was also selected in the treatment of heart attack victims for this article. It was published in the magazine "In Sync" by Physio Control/Redmond, Washington for their summer 1995 edition giving credit to Mayfield Village and Hillcrest Hospital, as well as himself for being its author, on the benefits of t-PA and 12 lead EKG's.

In 2001, he attended a Child Passenger Safety Technician class and was awarded his diploma in 2002 by The National Highway Traffic Safety Administration. Mayfield Village was one of the first communities in the area to offer child car seat safety checkups. Today, Mayfield Village has child car seat technicians available on all shifts to continue this valuable service.

In 2013, after attending a class and receiving certification for The Emergency Vehicle Drivers Training program, he instituted a session in early fall for a driver's training refresher and driving rodeo for all members of the Mayfield Village Fire Department. The classes are presently held on a yearly basis.

While working full time for Mayfield Village, he applied to Brentwood Hospital as a Telemetry Technician in 1988, monitoring as many as 32 telemetry patients at a time, and worked full time until 1996 when Brentwood Hospital became South Pointe Hospital and merged into the Cleveland Clinic health system. Over the years he has

witnessed many interesting, potentially serious, and catastrophic calls. At some point he has probably touched your life or someone you know and live near. His fellow firemen have looked to him for guidance and relied on him like a brother in potentially life threatening situations. He will be greatly missed, but has left an everlasting impression on the community he has served for 33 years and the young firemen who have come after.

Firefighter Lisy—Your axe may be down, but you'll always be sharp. Burn on.

Firefighter Lisy and daughter Allison in front of the newly-built Fire Station.

Councilman Steve Jerome with future father-in-law, Firefighter John Lisy at the July 18, 2016 Council meeting. Firefighter Lisy was presented with a Resolution of Council, a retirement plaque and his Fire Helmet.

Council Ward 4

Village Safety - The Fire Department

At the beginning of the year, I had the opportunity to take a quick tour of the Village Fire Department. I immediately noticed how clean and organized the entire facility was on all three levels. That same attention to detail and pride extended to the glistening fire trucks and the customized emergency ambulance. Each vehicle is equipped to handle just about any type of situation that may come up from fires, vehicle accidents, trauma and hazardous spills. While there was no pole to slide down, I was able to ride in the big fire truck which surprisingly felt like cruising in a big Cadillac.

In June, I took Chief Gino Carcioppolo up on his offer to spend more time with members of the department to learn about their jobs, responsibilities and to join them for lunch. While I was about to take the Village street map test, all of a sudden there was an announcement on the overhead speakers about an emergency situation. Chief Carcioppolo looked at me and said "you got a call!"

In a blur, the Teams rushed to their stations to get ready, then jumped in the vehicles, I hopped in the back of the ambulance, put on the seatbelt and we took off with the siren blaring in less than two minutes!

We arrived at the destination to find an individual that was having a health issue. I walked in behind the Team to see them quickly recognize the situation, seamlessly provide medical attention and assurance to the patient that he was in good hands. I saw outstanding teamwork and communications between the Team, the patient, home base and

the incoming Hospital about what was happening.

After returning to the station and after lunch cooked by the Team in their spacious kitchen, I sat in on a training session in preparation for the RNC Conference in downtown Cleveland. I learned that most safety departments throughout the region are getting ready to support Cleveland and their own respective community in the event that they 'get a call' during the conference.

My gratitude to the Team, Mike Palumbo, Anthony Havel, Tim Byrne, Matt Martin, Jason Brothers, Bruce Sundman, Cheryl Garinger and Chief Gino Carcioppolo, for an outstanding and memorable day.

Village Safety - The Police Department

I also had the privilege to see a first-hand glimpse of what goes on during an afternoon in the life of professional law enforcement officers. My Ride-A-Long started with a patrol of the Village in the front seat of a police car to see what an Officer sees while parked or driving in traffic or through neighborhood streets. Patrolling this part of Northeast Ohio appears complicated due to the very close proximity of neighboring cities that have their own Police Departments, along with the Highway Patrol that covers the interstate, however, I could not help but notice the awareness and respectful wave when passing each other.

Each Village patrol car is equipped with on-dash cameras, with new body cameras in the process of being worn by each Officer. Along with a body vest, Officers are well equipped for safety and to provide safe service to the community and those passing through. The highlight of my Ride-A-Long was standing in the median on I-271 North to clock fast-moving cars with the laser gun!

The tour inside the Village Police department located on SOM Center was an adventure in itself. From the central command center, which is a hi-tech, state-of-the-art communications hub, to the firing range, fitness center, booking area, training rooms and jail cell, it is an impressive facility. My sincere thanks to Chief Richard Edelman for the invitation and to Officer Kostrab and Sgt. Troyer for their time, professionalism and patience.

In closing, Village Council is accountable to the residents to support the Police and Fire Departments by providing legislation and funding to do their jobs. Seeing what they do up close, I can attest it is tax money well spent. Thank you.

P.S. Coincidentally and maybe timely, I finished this article about my very positive experience with the Mayfield Village Police Department during the tragic and senseless shooting incidents in Baton Rouge, St. Paul and Dallas. It is so sad and frustrating to continue to hear and see what is happening between Police and the people in the communities they share. It is becoming evident that a similar untimely event can happen at any time and anywhere in this country. What can we do from Mayfield Village, Ohio? I am not sure but I suggest that it will take being involved, working together, sharing information and offering sincere mutual respect and support to our safety forces and to each other. Thank you.

QED Honored on its Tenth Anniversary in Mayfield Village

At the June 20, 2016 Council Meeting, Mayor Brenda Bodnar honored local business, Quality Electrodynamics (QED) for ten years of growth and success on Beta Drive in Mayfield Village. Mayor Bodnar commended QED founder and President, Dr. Hiroyuki Fujita, on his leadership and success in combining his knowledge, vision, and commitment to family to QED's workforce, and to the community, and for developing a business with sound roots and sustainable growth. Dr. Fujita was presented with a Mayor's Proclamation.

Mayor Bodnar with Dr. Hiroyuki Fujita and Ted Esborn, who recently left Mayfield Village to become the Economic Development Director for Avon Lake.

Gary Busa Recognized for 17 Years of Dedicated Service

Gary Busa, long-time Mayfield Village resident and son of former Mayor Vince Busa, was honored at the April 18, 2016 Council meeting for his work at Parkview Pool over the past 17 years. Gary was hired when the pool opened in 1999 and worked every summer without missing a day of work. Mayor Bodnar presented Mr. Busa with a plaque in honor of his retirement along with a Mayor's Proclamation.

Mayor Bodnar, with Mrs. Jean Busa and son Gary.

The Dangers of Teens Sending Provocative Photos & Messages Via Cell Phone

Michael E. Cicero / Village Prosecutor

Michael E. Cicero
Village Prosecutor

For young adults, there are a myriad of ways to communicate via their smart phones, whether it be by calling, text messaging, or using cell phone apps such as Snapchat, Instagram. However, there are times when the communications turn to a sexual nature. For those who are under 18 or are communicating with someone under 18, this is a very dangerous activity.

“Sexting” is the sending of sexually explicit or suggestive text messages, videos or photographs via cell phones or other electronic devices. Studies have shown that about 22% of teen girls and 18% of teen boys have sent a nude or semi-nude photo to another person. While it is most common for teens to send such communications to their significant other, a study by the Teen Online & Wireless Safety Survey; Cyberbullying Sexting and Parental Controls, revealed that 30% of the time, the photo then was forwarded to someone who was not supposed to see it. What many teenagers don’t know is that sharing of nude or sexual images of individuals under the age of 18, including themselves, is a crime.

While some states have enacted criminal laws specifically aimed at juvenile offenders, Ohio has not, and teenagers can and are prosecuted under Ohio’s sex

crime laws. For example, a 17-year-old boy who shares a nude photo of himself with his 16-year-old girlfriend, or sends a nude or topless photo of her to his friends, can be charged with Illegal Use of a Minor in Nudity-Oriented Material and/or Disseminating Harmful Materials, both fifth degree felonies, punishable by up to a year in jail. Similarly, a 16-year-old boy who takes a photo of him and his 17-year-old girlfriend engaged in “relations”, then sends the photo to others, can be charged with Pandering Obscenity Involving a Minor, a fourth degree felony, which can result in 6 to 18 months in prison. And the under 18-year-old teen boy or girl who encourages another juvenile to send obscene, sexually oriented or nude photos can be charged with Child Endangerment, a second degree felony, punishable by 2 to 8 years in prison.

Ohio law provides that most under 18-year-old teen sexting cases are handled by the County Juvenile Court. But in certain instances, offenders can be tried as an adult in the Court of Common Pleas. Additionally, some Juvenile Courts have established diversion programs, also known as “first offender programs”, which can involve participation in education programs and/or probation. If the juvenile offender successfully completes the program, the charges are dismissed. In addition to jail time and fines, individuals convicted of these types of crimes also must register as sex offenders, which prohibits them from living within 100 feet of a school and requires them to periodically register their whereabouts with local law enforcement.

“Sexting” can have very serious legal repercussions. Talk to your children about what they are doing online and the risks. Make sure that your children understand that messages or pictures they send on their cell phones, whether it is via a text, Instagram, Snapchat or some other app, are not truly private or anonymous. Check out the parental controls offered by your mobile provider, so you can monitor who your children are communicating with and, if you so desire, limit the amount and type of text messages they can send and receive.

Most importantly, if you believe that a minor has been victimized by “sexting”, contact the Mayfield Village Police Department at (440) 461-1234 immediately. Our Detectives and Officers have been specially trained in investigating these types of crimes.

COMING THIS FALL TO RESERVE HALL. . .

CLEVELAND INSTITUTE OF MUSIC

Students from the Cleveland Institute of Music will present a regular music series on Thursday evenings at 7:30 p.m. Save these dates and plan to enjoy amazing concerts performed by talented young performers!

Fall Dates: **October 20 / December 1**

From the Desk of the Chief

Richard Edelman / Chief of Police

Richard Edelman
Chief of Police

Greetings Friends;

Rather than my usual column, I would simply like to say thank you. All of you who called the police department or stopped by last Friday to offer your condolences, well-wishes and support after five of our Brothers were brutally killed and seven more wounded in Dallas; your thoughts and prayers mean a lot to all of us. On behalf of the men and women of the Mayfield Village Police Department—Thank you.

3rd ANNUAL MAYFIELD ART SHOW

formerly the M.A.R.C. Art Show

October 9 thru 16, 2016

Meet our Summer Interns!

Emily Scheiderich and Michael Galloway are working this summer at The Grove Amphitheatre as seasonal Programming Coordinators. Their duties include overseeing all scheduled events, coordinating with performers, rentals and support services, and assisting with marketing and promotion.

Emily is a music student in the Berklee Program at Cuyahoga County Community College and an alto saxophone player with a focus on composition.

Michael is a student at Ohio University, majoring in Journalism/Strategic Communications. Michael has also worked for the past several summers as a camp counselor for the Parks & Recreation Dept.

Stop at The Grove to meet Emily and Michael. There are still plenty of shows left to enjoy this summer. See the August schedule on the back cover.

Fire Safety Reminders

Eugene Carcioppolo / Fire Chief

With fall here and winter soon approaching I wanted to utilize this article to remind you all to have your furnace and appliances serviced by a licensed technician. Improperly functioning furnaces and appliances can cause excessive amounts of carbon-monoxide. Additionally, they will not function as efficiently as they are designed to if not properly maintained. If you have a wood burning fireplace or stove your fireplace flue should also be swept at least annually.

While the maintenance completed on your appliances is important, it is equally important to ensure you have at least one functioning carbon monoxide alarm, and working photoelectric sensing smoke alarms on each level of the home, in each occupied bedroom, and one in the main hallway outside of the bedrooms. More information on smoke alarms and the NE Ohio Fire Prevention Association's mascot, Earl Lee Warning, can be found at <http://getsafealarms.com/>.

"I'm Earl Lee Warning, a **Photoelectric Smoke Alarm**. I will do the best job of warning you and your family in the event of a fire in your home – alerting you tens of minutes earlier than the other alarms. I'm your best choice for Early Warnings, and I won't hassle you every time you burn the toast or take a steamy shower."

Both smoke alarms and carbon monoxide alarms have definitive life spans, typically on the back plate each type alarm the manufactured date can be verified. If the carbon monoxide alarm is 7 years old or older it is time to be replaced, and smoke alarms 10 years old or older should also be replaced. Change your batteries at least twice a year and ensure your alarms are working by pressing the test button at least once monthly. Practice fire safety with your family members ensuring that all members know two ways out of their sleeping space, practice exiting crawling out of the home when the alarms are sounding, and ensure your family knows a common meeting place in the front yard, reinforce with your family that we should never go back into the house after exiting because of a fire.

Lastly I have a request and would ask you all to adopt a hydrant and ensure that during the winter months you attempt to clear snow from around the hydrant in front of your home.

If you have any questions regarding appropriate home fire safety, please call 440-461-1208 and ask us for assistance, we can attempt to answer your questions and at your request we can even provide you a free home fire safety evaluation.

Eugene Carcioppolo
Fire Chief

When Seconds Count...

Which would you rather have to protect your home?

After a snowfall, remember to clear a three-foot radius around fire hydrants near your home.

Mayfield Township Historical Society / Alfred Muhle, President

40th ANNIVERSARY CELEBRATION—ICE CREAM SOCIAL

September 14th, 2016 6:30 – 8 p.m. at

BENNETT-VANCUREN HISTORICAL HOUSE
606 S.O.M. CENTER ROAD

For information regarding the above meetings or membership please contact: Elaine 440.449.1474. The Garden Club appreciates your support.

Planting Trees on Arbor Day

The 2016 Arbor Day Celebration was held on April 29th at Center Elementary School. Sponsored by the Mayfield Village Garden Club, and with assistance from the Service Department and Mayfield School District, kindergarten and second grade students planted a tree on the Center School grounds. Service Department Arborist Frank Stupczy and Service Director Doug Metzung provided some Arbor Day history and facts about trees.

Council President Joseph Saponaro was on hand to provide closing remarks. All students were provided with a sapling to plant at home.

Left, Arborist Frank Stupczy helps plant a tree at Center Elementary School. Above, Council President Joseph Saponaro addresses the students.

Check out the Garden Club web page at mayfieldvillage.com and click on "Associations and Organizations."

Providing Needed Services to Mayfield Seniors

Movie Mondays

A new movie series at Reserve Hall Theater on select Mondays! Movies range from classic to comedy to newer releases; some movies include a discussion.

- August 15 – “Fiddler on the Roof” (1971) at 1:00 PM
- September 19 – “The Out-of-Towners” (1970) at 1:00 PM
- October 24: **Classic Scary Movie Marathon**—come for one or for all, and watch for more info about the CPA Open House during the marathon!
 - 10:30AM - “Wait Until Dark” (1967)
 - 12:45PM - “Strangers on a Train” (1951)
 - 3:00PM - “Abbott and Costello Meet Frankenstein” (1948)
 - 5:00PM - “Dial M For Murder” (1954)

**Reservations are appreciated! Call CPA at 216-650-4029.
Movies subject to change based on availability.**

Fresh Goods to Go

Fresh Goods to Go is available to income-eligible older adults age 60+ and is made possible through a partnership with the Greater Cleveland Food Bank, along with a dedicated group of volunteers who help carry the program out each month! Distribution takes place every third Thursday at South Euclid Community Center, 1370 Victory Dr., with reservations required by the Wednesday of the week prior. Call 216-650-4029 or stop in to see CPA staff at any lunch location to make a reservation or to find out if you are eligible.

CARE Program

The Community Partnership on Aging, along with partners Maple Heights, Cleveland Heights and Solon Senior Centers, is very excited to have been one of four collaboratives selected as a recipient of the Cuyahoga County Senior Center Innovation Grant! The planning grant for the CARE Program will seek to enhance the safety and independence of older adults through minor home modifications, simple maintenance tasks and repairs, and assistance with coordination of required work. The project will include an independent-living risk evaluation and information and referral service for home owners in the collaborating cities. Volunteers will be sought from corporate, non-profit, civic, school and faith-based organizations.

If you are interested in learning more about the CARE Program, or are an interested business owner who would like to get involved, email CPA at contactus@communitypartnershiponaging.org.

Irish Folk Music

“No Strangers Here,” an Irish Folk Band that play Celtic/Irish Folk/Traditional as well as music from yesterday and today, will play at the CPA Café Lunch at South Euclid Community Center on Thursday, September 22!

Senior News and Programming

Donna J. Heath / Senior Program Coordinator

SENIOR SURVEY RESULTS

Over 125 residents responded to the Senior Survey sent to each residence a couple of months ago. In addition to learning about your programming interests, we learned that 21 residents would be interested in overnight trips and 44 residents are Veterans.

Based on the results of the survey, we have added Arthritis Exercise classes, Cooking classes, Spanish Lessons, and an iPhone orientation class to our fall schedule. Please see information about those classes later in this article. Please be sure to register early as we anticipate that these classes will fill up quickly. Three new Lunch n' Learn programs have been scheduled. Lunch and Movie programs will continue with the CPA at the Civic Center and with Governor's Village at their facility. Information about Water Aerobics will be included in the Parks & Recreation Brochure. Thank you to all who returned surveys. Your input is greatly appreciated and will be used in planning future classes and trips.

SENIOR SERVICES OFFICE & CLASSES RELOCATED

A reminder that the new Community Room is expected to open by September. At the beginning of September, the Senior Services' Office and most classes will move to the new Community Room. Our telephone number remains the same: 440-919-2332.

LEAF RAKING

Please contact us by September 21st if you would like to be entered in our leaf-raking drawing. We will draw names on September 26th and a number of residents will have their yards raked by volunteers this fall.

SENIOR SNOW REMOVAL

All residents will receive a mailing soon about the senior snow removal program for winter 2016-17. Please look for the mailing and return your application with payment by the deadline.

TRIPS

Join us for a "**Higbee's**" **Silver Grille Christmas Party!**" on Wednesday, Dec 7. Cost includes a wonderful lunch from the Ritz Carlton borrowing from the original Silver Grill recipes. As the magic of the Silver grill is recreated, we will enjoy entertainment by a violinist and a 3-piece combo band. There will be free time to view the decorations of Tower City or even visit the Horseshoe Casino. \$83. The deadline to register is Oct 17.

Summer 2016

FOOT CLINICS

Foot clinics are generally held twice a month from 1 to 3 p.m. at the Civic Center. Call the Senior Services Office at 440-919-2332 to make an appointment for routine foot care, treatment of corns and calluses, toenail clipping, etc. The cost is \$20 and the podiatrist is Dr. Kelly Whaley. Clinics will be held August 12 and 26, September 9 and 23, October 7 and 14, and November 11. Please note that the clinic on September 23 will be held at the Community Room.

CLASSES

We are gearing up for several new fall classes!

The next 6-week session of **Knitting/Crocheting** will begin Sept 9. If you have ever wanted to learn to knit or crochet, here's your opportunity. Or, if you already know how to knit or crochet, your instructor, Jan Perna, will help you hone your skills. Classes are held on Fridays from 9:30-11:30 a.m. at the Community Room. \$48 for the 6-week session.

The Walking Club has been walking at the Metroparks on Mondays, Wednesdays, and Fridays all summer. They will continue to walk through the fall. Thank you to Jim and Dona Kless for leading the walks. For more information, contact us.

A free demo of Watercolor Painting will be given on Tuesday, August 30 from 10 a.m.-noon at the Community Room. The fall series will begin in September. Choose either the Tuesday series (Sept.

6-27) or the Thursday series (Sept. 8-29). Both series are four weeks and are held 9 a.m. to 12 noon at the Community Room. The cost is \$35 for Mayfield School District Residents and \$40 for all others. Please register no later than August 30. There is also a \$4 material fee. Your instructor is Flo Smith. Contact us for Oct and Nov class dates.

The **Bereavement Group** will begin meeting on September 12. The 10-week sessions are held from 5:45-6:45 at the Community Room. The group does not meet on the third Monday of the month. There is no charge for the Bereave-

www.mayfieldvillage.com

Senior News (cont.)

ment Group but reservations are required. To register, please contact me at 440-919-2332.

Several **One-Stroke Painting** classes have been scheduled for fall. Each class costs \$28 plus a surface fee of up to \$3.50 per class. One-stroke painting is a decorative painting technique of mostly flowers using acrylic paints. It allows for blending, shading, and highlighting all in one stroke. You do not have to be able to draw to paint! Classes will be held at the Community Room from 1:30-4:00 p.m. Call for details. Your instructor is Barb Brastoff. (There is a class maximum of 10 students and several students have already registered, so please register early.)

Session I of Beginning Bridge Lessons has been scheduled for Fridays, Sept 23 through Oct 28. Classes will be held from 10 a.m. to noon at the Community Room. The cost is \$64 for the 6-week session. Your instructor is Sue Pisanelli. Class maximum is 12 students, so early registration is recommended.

The first session of **Beginner Spanish Lessons** will be held Fridays, Sept 16 through Nov 4. Classes will be held from 1:00-2:30 p.m. at the Community Room. The cost is \$69 for the 8-week session. In this class you will learn conversational Spanish. Your instructor, Cristina Sempe, a Spanish native from Guatemala, has been teaching Spanish for over 40 years. Class maximum is 12 students, so early registration is recommended.

YogaReach will present **Dynamic Arthritis Exercise classes** beginning Sept 14. The six-week session will be held on Wednesdays from 2:00-3:00 at the Civic Center through Nov 2. There are no classes 10/5 and 10/12. The cost is \$64 for the 6-week session. Learn how simple, low impact movements will help increase joint flexibility, range of motion, and muscle strength. Wear comfortable clothes. There is a class minimum of 8; please register early.

Cooking & Baking Classes:

Learn how to make special dishes and enjoy samples. Bring containers to take samples home. Cost: \$17 per class plus food fee per class payable to instructor. Instructor: Judith Strauss, as seen on T.V. Classes held on Thursdays at the Civic Center, 6622 Wilson Mills Road from 1-3 p.m. Register for one or more.

Sept 15: Quick & Easy Chicken - Food fee: \$10, **Sept 29:** One-Pot Meals - Food fee: \$9, **Oct 6:** Tea Time - Food fee: \$9, **Oct 20:** Soups of the World - Food fee: \$9. **Nov 3:** Holiday Baking - Food fee: \$9, **Nov 10:** Winter Salads - Food fee: \$9. Deadline to register is the Monday prior to the class.

iPhone Basics—Orientation. Representatives from the Apple store have agreed to hold a free class to help you learn about your iPhone. The class will be held Friday, Oct 21, 9-11:30 a.m. at the Apple store at Eton Collection, 28849 Chagrin Blvd. Please bring your phone. Please register early as the class is limited to 8 students.

LUNCH & MOVIE AT GOVERNOR'S VILLAGE

Join us once a month for a delectable lunch and a movie at Governor's Village, 280 North Commons Boulevard. The cost for lunch is \$5. Reservations must be made at least a week in advance.

LUNCH N' LEARN PROGRAMS

Three Lunch n' Learn Programs have been scheduled for fall:

"Name Those Tunes." Wednesday, Sept 7, 12 noon at the Civic Center. Deadline to Register: 8/31. Free. Sponsored by Kindred.

"Stroke Symptoms and Health Screenings." (Blood Pressure, Glucose, Cholesterol, and BMI screenings.) Friday, Sept 23, 12 noon at the Civic Center. Deadline to Register: 9/15. Free. Sponsored by UH Ahuja.

"How Hearing Loss is connected to our Mental Health" Wednesday, Oct 26, 12 noon at the Civic Center. Audiologists from Zounds Hearing will talk about the connections between our ears and our brains. Deadline to Register: 10/17. Free. Sponsored by Zounds Hearing.

AARP DRIVER'S SAFETY CLASS

An **AARP Driver's Safety class** will be held Wednesday, Sept 28 from 12-4 p.m. at the Civic Center. This is a great refresher class to remind you of "the rules of the road." There is no driving involved. Some insurance companies offer a discount for taking the class. The cost is \$15 for AARP members and \$20 for others. Because a limited number of spaces are available, we want you—our residents—to have first priority.

If you have questions or to register for any of these programs, contact the Senior Services' Office at 440-919-2332.

Calendar of Events / Aug - Oct 2016

AUGUST

- 1 Council Caucus Meeting (8 p.m. @ Civic Center)
