Trick-or-treat is almost here, with Halloween falling on a Wednesday in 2018. Most municipalities will be celebrating Halloween on Oct. 31.

Houses willing to participate in trick-or-treating should put their porch lights on, though rules differ between neighborhoods.

The sun is predicted to set at around 6:30 p.m. on Halloween night, so make sure your kids know to follow safety rules, such as walking in groups and staying on the sidewalk.

Stuck on a costume? PopSugar Moms is predicting characters from Star Wars and Fortnite are going to be among the most popular.

### But you don't look 40:

This year, the Community

Partnership on Aging will celebrate its 40th anniversary by combining its annual Chili Cook Off, in which community fire departments compete, with a dinner and silent auction on Saturday, Nov. 10, at the Hilton Garden Inn, 700 Beta Drive, Mayfield.

Doors will open at 4:30 for chili sampling and voting, appetizers and a cash bar, plus the chance to visit vendor tables and place bids on silent auction items.

Bring your taste for zesty sauce!

And there's more. Dinner with music and dancing will follow the Chili Cook Off at 6:30 p.m. and is included in the \$40 ticket price, a portion of which is tax deductible. Prepare to dance or at least tap a foot or drum some fingers to the beat.

Interested? Tickets are available through the CPA main office within the South Euclid Community Center, 1370 Victory Drive, not far from Giant Eagle. For further details and ticket availability, call 216-291-3902. As well as an evening of fun, it's a great way to support a worthy cause and meet some

new friends.

The Community Partnership on Aging, formerly Tri-City Consortium on Aging, has served older adults in South Euclid, Lyndhurst and Highland Heights since 1978. In 2011, Mayfield Heights became a member, prompting a name change. Mayfield joined in 2013.

CPA programs promote independence, a healthy lifestyle, community involvement and opportunities for personal growth, in addition to offering support for caregivers who are doing very important work.

All of our communities benefit when our elders are supported as needed, nurtured and allowed to flourish. Reach out to lend a helping hand if you can, and remember that if we are fortunate, we will someday be among the chronologically advanced citizens of our own communities.
