**MEMORANDUM OF UNDERSTANDING**  
**Between the Cuyahoga Soil and Water Conservation District**  
**and the**  
**Euclid Creek Watershed Council**

This Memorandum of Understanding (MOU) is made and entered into by and between the Cuyahoga Soil and Water Conservation District, hereinafter referred to as SWCD, and the Euclid Creek Watershed Council, hereinafter referred to as the Council.

The Ohio Revised Code, Chapter 940, describes SWCD's authority for engaging in this Mutual Agreement.

**Background and Purpose**

In 2000, ten municipalities in the Euclid Creek Watershed organized informally with the assistance of the Northeast Ohio Areawide Coordinating Agency (NOACA) to form a **Euclid Creek Watershed Council** to address common environmental, stormwater and development concerns in the Euclid Creek Watershed.

In 2001, NOACA obtained a grant from the Ohio Lake Erie Protection Fund to develop a regional stormwater program model and to undertake a demonstration of the use of this model with Euclid Creek Communities. Nine of the communities in Euclid Creek agreed to provide matching funds for and to cooperate with this effort. NOACA contracted with the SWCD to serve as watershed coordinator for this demonstration effort.

In 2002, the SWCD obtained a grant from the Ohio Department of Natural Resources (ODNR) for a Watershed Coordinator position for Euclid Creek, this six-year declining matching grant expired December 31, 2008.

In 2004, the Council established by-laws as an operational organization with governance.

Since 2004, the program has developed a Euclid Creek Watershed Action Plan (WAP), established an annual public involvement and education program work plan, a volunteer water monitoring program, and brought in over \$5.23 million to implement its programs and plan recommendations for improvement. In 2008, planning and organizational development decreased and WAP implementation continued to rise.

From 2008 to 2014, the SWCD obtained two, three-year matching implementation grants from the ODNR for the Watershed Coordinator position for Euclid Creek that expired in December 31, 2014 and these funds are no longer available for this position.

The purposes of this agreement are to:

Facilitate implementation of the 2006 State of Ohio fully endorsed Watershed Action Plan for the Euclid Creek;

Encourage participation in updates of the WAP and the Ohio Nonpoint Source Pollution Implementation Strategies (NPS-IS), and facilitate implementation of the WAP and NPS-IS;  
and

Promote coordinated participation of local units of government in the implementation of the plan.

### **Program Appropriation**

The Euclid Creek Watershed Council member communities agree to grant an annual appropriation for the Euclid Creek Watershed Program Manager and for the Euclid Creek Watershed Program to the SWCD, at a cost of \$3,000 per Community per twelve month period following the Effective Date. And the Cuyahoga SWCD agrees to use the grant funds to provide the Euclid Creek Watershed Program for each community. For communities that are a part of the Northeast Ohio Regional Sewer District's (NEORS) Stormwater Program, this Euclid Creek Watershed Program cost is eligible to be reimbursed through the NEORS's Community Cost-Share Program.

### **The Cuyahoga SWCD, through the Euclid Creek Watershed Program, agrees to:**

Provide a Watershed Program Manager for the Euclid Creek Watershed and supervise the position;

Provide additional staff support to the Euclid Creek Watershed Council;

Manage the Euclid Creek Watershed Council meetings and committees, including the Technical Committee and Volunteer Monitoring Committee, and assist in agenda and minute preparation;

Develop and update watershed planning documents, including the Nonpoint Source Implementation Strategy (NPS-IS) and any supporting or complementary plans. Community preservation, restoration and stormwater management priorities will be incorporated into these plans where feasible;

Provide support to local communities for the development, funding and implementation of watershed improvement projects, including stream restoration, floodplain restoration, greenspace conservation and stormwater management projects. Assist communities in review of watershed improvement project grant proposals, including education and outreach assistance (e.g. tours of project, educational signage);

Interact with local, state and national agency initiatives such as Total Maximum Daily Load (TMDL) reports, research opportunities, outreach and funding initiatives. Assist communities in updating codes to allow for implementation of stormwater best management practices;

Provide technical assistance to communities on natural resource issues during master planning and update efforts;

Encourage broad based stakeholder involvement in the watershed implementation process;

Conduct and coordinate watershed outreach with the goal of reaching a diverse group of stakeholders from streamside property owners to small and large landlocked landowners. Sample deliverables include an annual targeted mailing to riparian property owners, watershed signage, watershed fact sheets and maps, watershed presentations to community groups, and watershed newsletter publication;

Provide technical and programmatic assistance for community floodplain management activities, including flood hazard mitigation and the NFIP Community Rating System program;

Provide technical and programmatic assistance for stream maintenance activities, especially in areas not served by the regional stormwater management program, including landowner technical assistance, streambank erosion hazard evaluation, community staff training and stream maintenance protocol development and assistance; and,

Serve as fiscal agent for the Euclid Creek Watershed Council.

### **SWCD's Role Related to General Technical Assistance**

1. SWCD may also provide limited technical advisory services, related to erosion and sediment control and stormwater management, specifically to assist in the development of local ordinances to promote universal application of stormwater control measures (SCM) at construction sites.
2. SWCD may also provide limited technical services to the Euclid Creek Watershed Council communities on matters related to:
  - Sound stormwater management through accepted stormwater control measures
  - General evaluation of sensitive areas such as creeks, floodplains, soils, slopes, wetlands, watersheds, woodlands or other unique areas that are planned for development

3. The Community will disseminate program information provided by the SWCD in a timely manner to residents.

### **Agreed Procedures**

1. The Community will provide a resolution or a letter signed by an authorized representative to the SWCD that acknowledges this working agreement and provides documentation to facilitate dispersal of funds to the SWCD on an annual basis.
2. That the SWCD is a conservation technical and educational service agency and therefore is not granted regulatory authority in the Ohio Revised Code.
3. That the working relationship will be defined to include open lines of communications with appropriate departments. The SWCD and the Community will work with the Watershed Council to develop an annual work plan and to exchange information with the goal of developing a multi-disciplinary approach to resource management.
4. SWCD will provide a written annual summary, relevant to its role, as outlined in this MOU.
5. That all parties will review quality of service and address concerns as they arise.

6. That credit will be given jointly to the SWCD and the Euclid Creek Watershed Council Communities in any conservation publication produced.
7. That the Communities recognize the SWCD's obligation to make its reports and other written materials available to the public on request in accordance with the Ohio Public Records Act.
8. That all services of the SWCD are offered on a non-discriminatory basis without regard to race, age, marital status, handicap or political persuasion.

### **Termination of Agreement**

This working agreement may be amended or terminated at any time by mutual consent of both parties, or the agreement may be terminated by either party giving thirty (30) days notice in writing to the other.
