

COVID-19 Vaccinations Update from the Cuyahoga Board of Health 1/11/21

<https://coronavirus.ohio.gov/wps/portal/gov/covid-19/covid-19-vaccination-program>

Phase 1B Timing

Phase 1B will specifically include those below who choose to be vaccinated:

- Ohioans, age 65 and up.
- Ohioans with severe congenital, developmental, or early-onset medical disorders that make them particularly vulnerable.
- Adults/employees in all schools that want to go back, or to remain, educating in person.

Vaccinations in Phase 1B are expected to begin the week of January 19.

Governor DeWine announced a tiered system for offering vaccinations to the estimated 2.2 million people who are eligible for the vaccine under this phase, beginning with those who are 80 or older. When a new age group begins, vaccinations may not be complete for the previous age group. It will take a number of weeks to distribute all of the vaccine given the limited doses available.

Proposed Schedule:

- The week of Jan. 19: Ohioans 80 years of age and older.
- The week of Jan. 25: Ohioans 75 years of age and older; those with severe congenital or developmental disorders.
- The week of Feb. 1: Ohioans 70 years of age and older; employees of K-12 schools that wish to remain or return to in-person or hybrid models.
- The week of Feb. 8: Ohioans 65 years of age and older.

In Cuyahoga County, to sign up to receive a notification when a clinic and vaccination is available please use this web address:

<https://www.ccbh.net/vax/>

You will receive two notifications when clinics open up:

- A voicemail message telling you to check your email for a link to register
- An email message that has a link that allows you to register for the next open clinic
- After you click on the link to register, you will receive a second email message that will have the date and time of your appointment

Note: There is no official word yet about where schedule 1B vaccinations will take place.
