Council

Clerk of Council

Department Heads

From: Doug Metzung

Re: Council meeting

1. Authorization not to exceed \$8,500 to Klynn Nurseries for the purchase of spring tree plantings. These trees will be planted as part of the Grove tree planting plan. We also have two resident locations for planting that we will purchase from Chagrin Valley Nursery at the time of planting.
2. Authorization to the Good Nature organic lawn care company for \$15,262.34 for the fertilization of our village owned lands. (excluding sports fields) This is an increase of \$2,513.94 over last year as we have added the community room area and the police department to the program.
3. Authorization to the Good Nature organic lawn care company for \$9,715.17 for fertilizer products for village sport fields. This is \$3,033.23 less than last year. We are continuing to learn how to effectively dial in this new product.
4. Authorization to North Union Realty for \$12,800 for the demolition of the home at 6128 Wilson Mills Rd.
