**Date:** January 29, 2020

**Re:** 2020 Road Program  
Wilson Mills Road Sidewalk Improvement

---

Dear Mayor Bodnar and Members of Council,

The Village Engineer's office will be advertising for bids for the 2020 Road Program in February, 2020. This year's program will consist of concrete pavement repairs on North Commons Blvd., Parkview Lane, White Road, S.O.M. Center Road, Bramblewood Lane, Thornsway Trail, Wilson Mills Road and Lander Road. Also included in this project will be concrete walk repairs at the Police Station as well as a new Parkview Pool concrete service drive off of S.O.M. Center Road.

The Village Engineer's office will also be advertising for bids for the Wilson Mills Road Sidewalk Improvement in March, 2020. This sidewalk improvement consists of a new 5 feet wide concrete sidewalk on the south side of Wilson Mills Road from Hanover Road to Village Trails and then on the north side of Wilson Mills Road from Village Trails to Echo Drive.
