Re: new employee

Beginning February 10<sup>th</sup>, the Mayfield Village Service Department will have a new full-time employee. On December 12<sup>th</sup> 2019 a civil service exam was given in which 28 applicants took the test with 24 having passing grades. The top ten candidates were certified by the Civil Service Commission and forwarded to the administration for consideration. After a review of the ten candidates, five were selected for further interviews. Mayor Bodnar and I conducted interviews last Thursday and Friday and we agreed that Nick Taddeo was the best candidate for the job.

Nick grew up in Mayfield Village is now a resident of Mayfield Heights. Nick graduated from Mayfield High School and earned an under graduate degree from John Carroll University. It was during his time at John Carroll that Nick came to work for the Village Service Department for three summers. Nick was assigned to many different aspects of the department where he showed a great work ethic and a willingness to learn. We look forward to Nick becoming a real asset to the department.

I would like to thank Mary Betsa for her coordination with the Civil Service Commission, applicants and testing agency. Also, thanks to the Civil Service Commission and Mayor Bodnar for their help and support throughout the process.
