Dear Steve, Dominic and Joe,

I just wanted to thank all of you for serving as judges for Mayfield Village's first annual Holiday Decorating Contest. We had more entries than expected and I know that it took some time and effort to get around the Village to see all the light displays. I hope that it was an enjoyable task and helped provide some needed holiday cheer. I also hope that you might be willing to do it again in the future as I think this will definitely become an annual event. It was wonderful to see so many people participate and to see our neighborhoods so beautifully decorated.

Wishing you and your families a happy holiday season and a safe and healthy 2021!

Sincerely yours,

A handwritten signature in cursive script that reads "Brenda T. Bodnar".
